## Churches to play a pivotal role in fighting gender-based violence

BY SILAS NDUWENI

A former chairperson of Parliament's key public accounts committee, Themba Godi, visited the Amazing Grace Christian Centre (AGCC) in Tshidzini village two weeks ago, where he encouraged churchgoers to stand against gender-based violence and femicide.

Godi, who is the president of the African People's Convention (APC), visited the church on Sunday, 2 March, as part of his Robert Sobukwe remembrance campaign. Sobukwe

was the founding president of the Pan Africanist Congress (PAC).

"We want churches to play a crucial role in fostering social harmony and giving people a sense of purpose," he said. Godi also called on the government to account for all public funds, so that even the most rural communities could receive better services. He added that corruption and maladministration were depriving communities of essential services such as water, electricity and proper roads.

Patrick Shilling, better known as Prophet A.P. Shilling of AGCC, was delighted to

welcome someone of Godi's stature to the rural-based church. He described Godi as a family friend and said his visit was an honour.

During the service, Vhulhani Madzunya, daughter of the late freedom fighter and PAC founding member Josias Madzunya, expressed her excitement at meeting one of the leaders mentored by her father. "My father was a freedom fighter, and he always wore a coat, even in the heat, declaring that he would only take it off when black people had real freedom, which was only achieved in 1990," she said.

## Standard Bank enhances learning in Ha-Masia with education centres

BY THEMBA SIAGA

Children attending the Luvhona Community Centre in Ha-Masia received an upgraded education facility, made possible through a donation from Standard Bank. The official handover took place on 21 February.

Luvhona's new Early Childhood Development Centre (ECDC), which cost approximately R1.5 million to build, features flushable toilets, water tanks, a sickbay, and a fully equipped learning centre. The facility accommodates 25 learners.

"Investing in early childhood development is crucial as it shapes brain development and academic success," said the principal, Annah Thagulis. She added that the donation had been warmly welcomed

by both the children and their parents.

A complete ECDC unit includes steel Edutainers, a service centre (with a sickbay, kitchen, and office), a soap and wash station (SWS), outdoor play equipment, flushing toilets, and fencing. Edutainers, developed by the Bright Kids Foundation, are 12-metre shipping containers converted into classrooms for up to 25 children, making them ideal for remote areas. These classrooms are insulated, electrified, and fully furnished before being delivered and installed.

At the Mashudu Khumbe Community Crèche in Thohoyandou, which accommodates 114 learners, fences were built first. This was followed by the drilling of a borehole, the provision of two water tanks, and the repainting of all the

infrastructure, including the hall and the crèche.

Beatrice Mathidi, the manager at Mashudu Khumbe Community Crèche, said they used to buy water to refill a tank from their neighbours, who had drilled their own borehole. Now that they have their own borehole, they no longer need to do this.

"Additionally, Standard Bank provided us with school bags for around 200 learners, as well as toys, stationery, and cupboards. They also supplied two gas stoves and a photocopy machine. We are happy with this donation, as it will go a long way," she said.

Through its corporate social investment (CSI) programme, Standard Bank has funded 13 ECDCs nationwide and plans to expand further. The Department of Basic Education has also contributed more than R10 million since 2022.

"We have taken a long-term approach to investing in ECDCs as a tangible means of supporting childhood development. We firmly believe that where we have partnered to deliver Edutainers, they have made a meaningful impact on young lives," said Zanele Shabalala, Standard Bank's CSI Projects Manager.

## Five in court for Musina burglaries

### CRIME PREVENTION

Residents of Musina and surrounding farming community can breathe a sigh of relief, following the court appearance of four suspects in connection with a spate of burglaries.

According to the police in Limpopo, five undocumented foreign nationals, aged between 22 and 38, appeared in the Musina Magistrate's Court on Monday, 10 March, facing charges of burglary and

contravention of the Immigration Act. They had previously appeared in court on charges of possession of suspected stolen property. The suspects will remain in custody and are scheduled to reappear on 19 March on all charges.

According to provincial police spokesperson Col Malesela Ledwaba, the arrest of the men followed an intelligence-driven operation conducted on 5 March, targeting a suspected syndicate believed to be responsible for multiple burglaries and other serious

crimes in and around Musina.

The operation also led to the arrest of four additional suspects in the same area. The police recovered various stolen items, including kitchen appliances and a truck battery, with an estimated total value of R200,000.

Further investigations revealed that the suspects had used a motor vehicle belonging to a female resident of Matswale Phase 5 to transport the stolen goods. The vehicle was seized but was later verified as not stolen.
